

THANKS FOR COMING!

Here is some additional information about our panelists today!

Judy Park
jpark@hdcc.com

She is a UH Manoa graduate, with a degree in Civil Engineering. She likes hiking when she can and used to belong to a local Chinese kung fu club, and also likes to help out with lion dance drumming at her friend's club.

Sheryl Nojima
snojima@grayhongnojima.com

She earned her Bachelors, MBA and PhD here at UH Manoa, and she also earned a Masters degree from UC Berkeley. She currently works for Gray Hong Nojima & Associates, Inc.

Jessica Hiraoka
jessica.hiraoka@navy.mil

She earned her Bachelors in Mechanical Engineering here at UH Manoa. She once pulled the trigger on a M777 howitzer while evaluating 25-watt fuel cells with tactical radio operators from a U.S. Marine artillery!

Teri Morimoto
tmorimoto@hdcc.com

She is a UH Manoa graduate with a degree in Mechanical Engineering. When she first started college she never imagined she would even be an engineer!

Cassandra Belisario
cvbelisa@hawaii.edu

She is a senior this year, earning her Bachelors in Civil Engineering. She has secured a job at Hensel Phelps. Fun fact, she studied abroad in France last summer and visited 9 countries and 21 cities!

Cristina Felicitas
cris808@hawaii.edu

Currently a senior enrolled as an Electrical Engineer with a focus on Electro-Physics, she has secured a job at Northrop Grumman, to begin in the summer. She once visited 10 countries in one summer!

SWE MEETING AGENDA

NOVEMBER 12, 2015

> Welcome
